

# Studio Lab Night

Thank you for being here!  
Your presence adds to the  
creative energy of this space.

## Welcome to Studio Lab Night!

We're so glad you're here! Open Studio is a chance to explore, connect, and enjoy the creative process in a relaxed, welcoming space.

### What is Studio Lab?

Don't have your own stained glass tools? Use mine!

Want to be around others for inspiration? Come on in!

You must have your own supplies including, glass, solder, & copper foil. We have these for sale if you need them!

**Studio Lab is often hosted by other crafters, like you. They have training at the studio but are not instructors. You MUST have some experience!**

### Studio Guidelines

- Respect the studio, others' space, work, and materials
- Share tools and clean up after use
- Ask your host before borrowing supplies
- Feel free to listen to music with headphones
- Be kind, open, and encouraging

### What's Provided

- Tables, tools, grinders and scrap glass
- Hot water kettle and tea, drinking water
- A welcoming community of fellow creatives

### Tips for Getting the Most Out of Open Studio

- Come with a project in mind
- Push yourself to try new things but stay within your skill level as there is no instructor present
